

Baler Twine

Tama Twine – A Whole New Bale Game

“As part of the global farming community and with our long history of farming being a way of life for us, it is a great pleasure to once again present new innovations that will improve farmers’ lives” – Aviv Linn, Commercial Director, Tama.

Manufactured to the highest specifications and tolerances, with 100% virgin polymers, the TamaTwine product range covers all twine types. From the lightest twines to the heaviest, there is a twine to suit your needs.

- Spools fit in all balers.
- The only fully OEM validated Big Baler twine range.
- Unrivalled consistency of fibrillation, twisting, suppleness and knotting performance.
- Validated by leading knotter manufacturer RASSPE.

A full range of conventional twines for small square straw and hay baling. The TamaTwine range also includes fine twine for round bales.

The demanding requirements of the Large Square Bale sector is supported by the comprehensive range of TamaTwine™ Big Bale options, which offer the security needed when baling either the heaviest silage bale or straw bales of the highest density.

Tama Plastic Industry - Giving you absolute, guaranteed, genuine pack length.

Tama Twine Redefined

The following tables show examples of savings possible using the new Big Spool Type 72 with 9,600ft, compared with the traditional 7,200ft twine pack size.

Twine comparison for 2016

Straw

Bale dimensions			Number of knotters	Typical Spool load	Total twine length per FULL baler spool load		Bales per FULL baler load	
Width	Height	Length			7,200ft	Type 72 (9,600ft)	7,200ft	Type 72 (9,600ft)
0.8m	0.7m	2.4m	4	32	115,200ft	153,600ft	1,400 bales	1,880 bales
1.2m	0.7m	2.4m	6	32	115,200ft	153,600ft	940 bales	1,260 bales
1.2m	1.3m	2.4m	6	32	115,200ft	153,600ft	790 bales	1,050 bales

Silage

Bale dimensions			Number of knotters	Typical Spool load	Total twine length per FULL baler spool load		Bales per FULL baler load	
Width	Height	Length			7,200ft	Type 72 (9,600ft)	7,200ft	Type 72 (9,600ft)
0.8m	0.7m	1.5m	4	32	115,200ft	153,600ft	1,980 bales	2,640 bales
0.8m	0.9m	1.5m	4	32	115,200ft	153,600ft	1,820 bales	2,430 bales
1.2m	0.7m	1.5m	6	32	115,200ft	153,600ft	1,320 bales	1,760 bales

Price comparisons per 1,000ft Pricing Example Only

Traditional 7,200ft pack	Big Spool Type 72 9,600ft pack
$\frac{€37}{7,200ft} \times 1,000ft = €5.14$ per thousand feet	$\frac{€48}{9,600ft} \times 1,000ft = €5$ per thousand feet
